

Selling customizable products made easy!

CIS Configurator is a web-based quote management application that is ideal for organizations who want to automate the quoting process for its internal and external sales personal, resellers, dealers and customers.

Quotes containing configured and stock items are created, edited, revised and copied quickly and all stored in one centralized location.

- **Configure Price Quote**
- **Cloud or Client Server Deployed**
- **Rules based Configurator**
- **Quotes generated in minutes**
- **Centralized lookup for all quote activity**
- **Professional quotes in PDF format instantly**
- **Uses product knowledge stored in CIS**

Replace Spreadsheet Sales Quoting

Rules are easy to add and maintain!

CIS Configurator is normally setup by the client using tools that CIS continually develop to help embed logic easily and quickly.

Our ModelBuilder is your Product Logic Builder, allowing your Product Expert to create questions and answers and assign items and images based on Dependencies, Relationships and Exceptions.

An item list and quantities (BOM's) with Stages and Resources can be generated.

- **Easy to use and Maintain**
- **Import - Items, Descriptions & Prices**
- **Import - Questions & Answers**
- **Import - Exceptions and Relationships**
- **Assign Graphics to Answers**
- **Static images or Transparency's**
- **Configure Stages and Resources**
